

& NON-PROFITS

? **How can I Inspire Donors?**

A *Invest in Something Exceptional*

Something to Consider:

Are you viewing this as an Inconvenient Expense to the bottom line?

or

As an Investment in a Mission to bring Generous Returns?

? **We are looking for something Exceptional, but friendly with a Non-Profit Budget. Do you offer Discounts, Trades for Sponsorship, or an Ad in a Program Book?**

A *Although we would love to help out every cause, it would be unsustainable for us to offer discounts to every request.*

With so many noble causes, it's difficult to determine which are more significant than others.

Since Nonprofits vary so much in purpose, we've chosen United Sound, the one organization for our annual charitable contribution that is most near and dear to our values and mission.

Something to Consider:

This is an opportunity to gain more from your donors.

What are the actual Costs for doing nothing Nothing, and Missing this Opportunity?

A portion of the proceeds for each BOOM! Experience supports United Sound, which provides Musical Performance Experiences for students with special needs.

"The best part is simple. I've made a new friend. I've learned that we're all just people who want to fit in and belong."

- Amanda Leonhardt, Peer Mentor
